PAG/IPO/M-75-67  
1 February 1967

MEMORANDUM FOR: Secretary, Technical Development Board, NPIC  
ATTENTION: Assistant for Technical Development, NPIC  
SUBJECT: Addition of Tilting Eyepiece to FY 1967  
Procurement Program

1. The Photographic Analysis Group was informed by TDS in December of the availability of Tilting Eyepieces that could be used on the ☐ Zoom 95 Stereoscope. We have since been informed by TDS that it would be possible to modify this eyepiece for attachment to the Zoom 70 ☐ Microstereoscope and that a proposal will be forthcoming in the near future from ☐ giving cost and delivery schedules.

2. PAG requests that the Tilting Eyepiece proposal be included among the R&D Catalog Forms submitted for review as a part of the FY 67 budget. This would then be item 27 on the Project Agenda with an approximate cost ☐ Your consideration of this proposal would be appreciated.

Subject: 15" Eyepieces for Zoom 70

Gentlemen:

[redacted] is pleased to submit the following quote for the subject eyepieces. The cost for one prototype pair is [redacted]. Delivery can be made seventeen weeks after receipt of an order. Budgetary prices for large quantities are as follows:

Quantity

100

300

25X1

Delivery on a production order could begin approximately fourteen weeks after approval of prototype at twenty-five pair per week.

Enclosed are two copies of DD 633-4 Form giving a cost breakdown for the prototype pair. Also enclosed are four copies of a Technical Description and four blueprints.

For any further information concerning this quotation, please contact the writer directly.

Very truly yours,

Contract Administrator
